FEATURES & TRAITS

Feature: Criminal Contact

You have a reliable and trustworthy contact who acts as your liaison to a network of other criminals. You know how to get messages to and from your contact, even over great distances; specifically, you know the local messengers, corrupt caravan masters, and seedy sailors who can deliver messages for you.

Sneak Attack

Beginning at 1st level, you know how to strike subtly and exploit a foe's distraction. Once per turn, you can deal an extra 1d6 damage to one creature you hit with an attack if you have advantage on the attack roll. The attack must use a finesse or a ranged weapon. You don't need advantage on the attack roll if another enemy of the target is within 5 feet of it, that enemy isn't incapacitated, and you don't have disadvantage on the attack roll. The amount of the extra damage increases as you gain levels in this class, as shown in the Sneak Attack column of the Rogue table.

Thieves' Cant

During your rogue training you learned thieves' cant, a secret mix of dialect, jargon, and code that allows you to hide messages in seemingly normal conversation. Only another creature that knows thieves' cant understands such messages. It takes four times longer to convey such a message than it does to speak the same idea plainly. In addition, you understand a set of secret signs and symbols used to convey short, simple messages, such as whether an area is dangerous or the territory of a thieves' guild, whether loot is nearby, or whether the people in an area are easy marks or will provide a safe house for thieves on the run.

Cunning Action

Starting at 2nd level, your quick thinking and agility allow you to move and act quickly. You can take a bonus action on each of your turns in combat. This action can be used only to take the Dash, Disengage, or Hide action.

One With Shadows

When you choose this archetype at 3rd level, you gain proficiency in both the Stealth and Acrobatics skills if you don't already have them. Your proficiency bonus is doubled for any ability check you make with these skills. In addition, your training and tools allow you to skillfully climb any surface. You gain a Climbing speed of 20 feet. If you already have a climbing speed, it increases by 10 feet. For the purpose of aiding your Sneak Attack, all weapons you wield with the Thrown property count as Ranged weapons, providing you actually throw them. Also, when you hit with a ranged attack using a thrown weapon, you gain a +1 bonus to the damage roll. This bonus damage increases by 1 additional point when you reach 9th, 13th, and 15th level.

Shinobi Skills

Yokai Intervention: Once per short rest, when you are hit by an attack you can use your reaction to impose disadvantage on that attack roll, potentially causing it to miss. Wind Walker: When you take the Dash action on your turn, you can use it to walk over a vertical or liquid surface without falling. However, you must finish your movement on solid ground or you will fall at the end of your turn.

Shapechanger

As an action, you can change your appearance and your voice. You determine the specifics of the changes, including your coloration, hair length, and sex. You can also adjust your height and weight, but not so much that your size changes. You can make yourself appear as a member of another race, though none of your game statistics change. You can't duplicate the appearance of a creature you've never seen, and you must adopt a form that has the same basic arrangement of limbs that you have. Your clothing and equipment aren't changed by this trait. You stay in the new form until you use an action to revert to your true form or until you die.

Beast Shape

Kitsune have the ability to revert their forms to resemble wild foxes. As an action, you can change yourself into a normal fox. While in this beast form, your game statistics are replaced by the statistics of the fox. This form lasts for 1 hour per long rest. You can revert to your normal form early by using a bonus action on your turn. You automatically revert if you fall unconscious, drop to 0 hit points, or die. Treat this similarly to the Wild Shape feature of druids. Keep in mind that legends of kitsune are well known among the population, and many people are generally untrusting of foxes, normal or otherwise.
